We often get asked what our recommended products are and we have curated a list - <https://elementgames.co.uk/paints-hobby-and-scenery/element-essentials/egaps/siege-studios/siege-studios-recommends?id=10211>. Please note these are not needed for this class and is just a general recommendation.

Q&A

Each course will have a dedicated time for a Q&A session. Whilst the tutor will be happy to answer any questions throughout the course, we do kindly ask that, if possible, you save these for the dedicated time slot to prevent teaching from being interrupted too frequently. We also strongly encourage you to think of some questions prior to attending as the tutor will do their best to answer everything for you in one go.
